3. STUDY ITEMS:

A. Review and Discussion of Class 6 Road #2-Dorset Lane: Mr. Mark Goodwin went over the check list that the Board used to make the determination of whether a road exists and if it is a public right of way or not. Discussion took place back and forth between property owners, Don and Debbie Goodwin, and the Board on where the road was located that was being discussed. Maps were looked at and the road discussed. According to the landowner he believed that there was no evidence of a road on the property. He said he thought the road that was being discussed was really the Brook Road.

Mr. John Watson came online and spoke about the road, and which map he thought showed the road the best. He said the 1960 Army Corp map was the best map to look at. Chair Wood indicated he thought the road needed closer examination. Discussion continued among all parties.

It was decided that this road would be discussed again at another meeting.

A MOTION was made by Mr. Heistad to extend the meeting by 15 minutes.

There was no second.

****The Vote on the Motion was approved by those present (4-0).***
